Our Services

Auditing and Business Assurance Services

We add value by making recommendation which arise from our audit with the intention of helping you achieve more efficient and profitable operations ultimately contributing to your company's overall development and success.

Taxation Services

1) Direct Taxation

Taxation Inland Revenue board (IRB)

Preparing your own income tax return can be a task that leaves you with more questions than answers. Whether we like it or not, today's tax laws are so complicated that filing a relatively simple return can be confusing. It is just too easy to overlook deductions and credits to which you are entitled. Even if you use a computer software program to substitute for the assistance of an experience tax professional.

Our taxation compliance and advisory services cover a wide range from corporate taxation, individual taxation, executive remuneration, indirect taxes & real property gains tax to assisting foreign company in setting up operations in Malaysia, and representation before the tax authorities.

2) Indirect Taxation

Goods and Services Tax (GST)

Goods and Services Tax (GST, also known as VAT) is now a major part of governments' tax revenues in about 160 countries around the world, and Malaysia is the latest country set to implement GST to replace the current consumption tax. The implementation and compliance processes of GST are expected to have an impact on the daily business operations at one stage or another. At Ananthan Chelliah Associates, our GST Team is established with experienced individuals from various fields of expertise.

We are here to assist and ensure that complications are minimized to allow GST to be transitioned into your business with minimal disruption. We shall also advise you on establishment of sustainable procedures in place to avert unnecessary errors and penalties.

We are able to assist you with a full range of GST matters, including:

- ✓ Industry-specific training
- ✓ Registrations and de-registrations
- ✓ GST Return reviews and lodgments
- ✓ Internal controls and accounting system output accuracy and recommendations
- ✓ Analysis of business structure and transactions for GST impact assessments
- ✓ Information requests from RMCD for audit purposes
- ✓ Technical assistance
